PRESIDENT'S CORNER

Spring is here! The weather is improving and I am hopeful that all of you are enjoying the nice weather.

I would like to thank all of you that attended the SMSHE Schmooze at the AIA in Grand Rapids on March 25th. The turnout was excellent and I believe everyone that attended had a wonderful time. Again, thanks to all that attended for your support. I am looking forward to this event in Traverse City in 2016.

On April 8th SMSHE hosted Michael Canales, who provided valuable insight into an organization's Computerized Maintenance Management System (CMMS). As many of you know, a properly managed and utilized CMMS can provide great benefits for asset management, historical maintenance cost and life cycle costing for your healthcare organization's medical equipment and infrastructure assets.

Mr. Canales also spent some time discussing succession planning and the Healthcare Facilities Leadership program. This program provides valuable insight and education for our new and existing leaders, managers and engineers in the healthcare field. I would encourage you and your organization to look into this valuable program for your up and coming future leaders. Here's the [LINK](#).

On May 13th SMSHE will be hosting a panel discussion on Green/Sustainability in Healthcare. This panel discussion will be interactive, informative and require audience participation. Please bring your questions for this topic. The panel board will consist of:

- Tom Kwiatkowski, Jones Lang LaSalle @ Beaumont Health System
- Keith Miller, McLaren Health
- Joe Stchur, University of Michigan Health System

Also, on June 10th SMSHE will host a tour of the Cardiovascular Institute (CVI) at DMC Sinai Grace. The group will tour the newly opened 216,000 sq. ft. CVI facility.

SMSHE will also have its annual golf outing on Friday, August 7th at the Mystic Creek Golf Club. Last year was a huge success and the Golf Committee is working hard to make 2015 even better. Hope to see you there.

I look forward to seeing all of you at our upcoming fun and educational events. Please inform your colleagues about the benefits that SMSHE can offer, and encourage them to join this wonderful organization. Remember that SMSHE membership is free to all ASHE members.

Have a safe and enjoyable spring and take advantage of all life has to offer us.

Tim Rowlett CHFM

Director, Engineering and Operations for JLL@BHS

CALENDAR OF EVENTS

April 29-30, 2015
