ASHE Insider, Winter 2017 "Stewards of Infection Prevention—Our Role in Patient Outcomes"

Dr. Sue Andersen, PhD, CHSP, CEDP, EMTP, EMSIC

Regional Director, Emergency Management, EC & Safety MI/IL Medxcel

With more than 17 years' experience, Dr. Sue Andersen has extensive knowledge in healthcare emergency management, environment of care and safety. As the Regional Director Emergency Management, EC and Safety for Medxcel Facilities Management (Medxcel FM), Dr. Andersen oversees 17 hospitals across Michigan and Illinois, including two behavioral health hospitals, six inpatient behavioral health units and two residential treatment sites. From March 2017 when The Joint Commission (TJC) changes on behavioral health went into effect, through September 2017, Dr. Andersen has participated in eight successful TJC surveys at healthcare facilities she oversees. Through her efforts and expertise, she has developed processes and standardization around evolving regulatory requirements to ensure Medxcel FM client facilities across the nation remain safe, compliant and excel in survey readiness.

Prior to joining the Medxcel FM team, Dr. Andersen served as the Safety Director for a level one pediatric trauma center in Detroit, MI. She holds a bachelor's degree in health services administration from Baker College, a master's in health administration informatics from the University of Phoenix and a PhD in healthcare administration from Walden University. Dr. Andersen is also a licensed paramedic, EMS

instructor coordinator, certified healthcare safety professional (CHSP) and certified emergency disaster professional (CEDP).

Pier-George Zaroni, PE, CIH

Facility Engineering Licensed Specialist

LARA, Bureau of Construction Codes

Health Facilities Engineering Section

Pier-George Zaroni, PE, CIH has been a plan reviewer/ surveyor for the Health Facilities Engineering Section for the past 16 years. He is a registered engineer and Certified Industrial Hygienist. Pier-George received his Bachelor of Science in Engineering from Michigan State University in 1978.

Pier-George Zaroni also worked for the Michigan Health and Hospital Association for over twenty years, with ten of those years managing their Occupational Health & Environmental Safety department. In this capacity, Pier-George provided training & consultation on numerous health, safety and environmental issues as well as health care codes & standards compliance.
